

## Water Deionizer System Technical Specifications

### Features:

Provide clean, purified water for your battery eyewash stations and extend the life of your battery system with a Water Deionizer System, complete with (1) disposable cartridge and (1) purity light. Each disposable cartridge purifies approximately 600 gallons of water and purity light indicates need for cartridge replacement. Two included standard D-Cell batteries eliminates the need for AC power and allows wall mounting in convenient locations.

<b>Acran Item Number</b>	<b>5BWD0600</b>
<b>Purifying Capacity (gal.)</b>	600
<b>Pressurized System</b>	up to 80 psi
<b>Flow Rate</b>	0.5 gpm
<b>Purity Light Setting</b>	50 ppm total dissolved solids
<b>Hose Dimensions (in./ft.)</b>	3/8" x 10' (input) 3/8" x 20' (output)
<b>Hose Fittings</b>	Garden Thread
<b>System Dimensions (in.)</b>	Mounting Plate: 6"W x 44"L, Cartridge: 4.5"W x 27"L
<b>Weight (lbs.)</b>	
System	30
Replacement Cartridge	15
Replacement Purity Light	2
<b>Replacement Parts</b>	Replacement Cartridge PN 5DRC0600 Replacement Purity Light PN 5BWD0191
<b>Recommended Accessories</b>	Battery Watering Cart PN 5BWC0010/5BWC0020 Watering Gun PN 5WGS0001

**Replacement Cartridge**  
PN 5DRC0600

**Replacement Purity Light**
