

Deluxe Ni-Cad Spill Response Kit Technical Specifications

Features:

The ACRAN Battery Ni-Cad Spill Response Kit is an integral part of your battery room safety plan and compliance with the requirements of OSHA 1910.120(g)(5), 1910.120(q)(2)(XI), 1910.178(g)(2), 1920.268(b)(2)(i), and 1926.441(a)(5,6,7). ACRAN's Basic Battery Ni-Cad Spill Response Kit is composed of individual components so that it may be customized or augmented with extra components to suit specific applications. Replenishment of used items is therefore made easier and more cost efficient.
